SPORTS.

EDITED THURSDAYS AND SUNDAYS BY JESS WOODS.

Both the Healan and Myrtle crews are hard at work at Pearl Harbor these days trying to put themselves in condition to row on the Fourth of July. Now that election is over interest will center in rowing and the old rowing fans will get together and discuss the merits of the two clubs.

At present the Myrtles have a shade the best of it in the senior race, while the Healan seem to have the long end on the junior. A race is never won until it is over and it is always that which is unlooked for that happens.

Captain Sam Walker when seen yesterday had the following to say: "We will put in just as good a crew this year as we did last. You will remember that last year just before the race Williams quit and it placed us in a hole and we were forced to put in a man without training. This year it will be different and every boy who pulls a Healan or will be in shape to put up a good hard fight. You can put it down that we will not stop until the finish is reached. So far we have had no accidents and everything is running smoothly. The boys are all showing a willingness to work."

The Myrtle crew is composed of about the same boys that pulled them to victory last season and if they are in as good shape this year should win. Tom King is sparing nothing to place his men in the best possible shape and claims that they are now ready for the crack of the pistol.

The Healan have been rowing as follows the last few nights: John Clark stroke, E. K. Allen 3, R. McCarrison 2, W. Ryecroft bow, H. Steiner cox. F. B. Damon has been coaching this crew and the form that they have displayed under his instruction has been remarkable in such a short space of time. It is rumored that Bert Heilbron may take a seat in the shell at any time.

The junior crew of the Blue and White is a crack. Here is the lineup: W. Dickson stroke, V. Fernandez 3, Mark Robinson 2, A. Blackman bow, Steiner cox. This crew should give a good account of itself on the 4th, and from all the present dope should win. Paul Jarrett, the old vet., has this bunch in charge and he is doing wonders with them.

The Myrtles are staying at the Peterson place at Pearl Harbor and they are rounding into the finest kind of trim. Peterson has taken a hard contract on his hands feeding these hungry athletes, and if the Fourth of July does not come soon he will have no home. The Myrtles have been lining up as follows: Becket stroke, Crabbe 2, Kopke 2, King bow. This makes the strongest kind of a crew and it is a cinch that they will make things hot for the other seniors.

Baseball.

The Kams received the hardest beating at the hands of the Elks on Saturday last that they have received in the history of their organization.

The Kams and the Malles are the only two teams that have been shut out this season and both of them at the hands of the Elks.

It is said that the Elks are playing faster ball than any other team that has ever played baseball in the Honolulu league. They are certainly working together both in the field and at the bat. They lead the league both in hitting and fielding. They have averaged less than two errors to the game and have four men hitting over the 300 mark. Now that is traveling some. Besides they have won all their games with the greatest ease.

Bill Hampton, the clever pitcher, is leading in batting with an average of almost a hit to every two times at the bat. At present he is batting .416. This is certainly a great record for a pitcher and is enough to make any ball player feel proud.

Ep Gee leads brother En Sue with the stick. It is not all in experience. Talk about fielding. Well, Bill Van was there with the goods on Saturday last and the way that the "old horse" put them away was a delight to witness. He had some hard chances but they all looked alike to Bill. He was going some with the stick also.

Reuter is certainly up against the "real thing" when he tackles the Elks. They always beat him.

Ed Desha is also another pitcher that is doing things with the willow. He is leading his team.

It is surprising to see how some of the old timers have fallen off in batting. Gleason, Koki, Moore, Vannatta, Reuter, Sheldon, Judd, Woods and Wright are all below the .200 mark.

On Saturday the Elks meet the Malles and are almost sure to add another scalp to their belt. The Malles are not playing the best of ball at present and from them the Elks should have no trouble. The other game will be between the two tail-enders, Puns and H. A. C. This should be a good game, as both teams will put up a desperate struggle to keep from last place. In their former meeting the Colts won their first and only game. The Reds will try and reverse matters this meeting.

On Sunday the team from the Hawaiian Electric Co. meets the Mutual Telephones. This game will be played at Kapiolani Park. Sparks will fly when these two teams meet.

EIGHTEEN INNINGS: 1 TO 0.

We sometimes think that we have some hot baseball here in Honolulu and it is true too. Here is a game between Princeton and Amherst which lasted for eighteen innings and was played in 2 hours 40 minutes. This is the most remarkable game of baseball ever played in the annals of intercollegiate baseball. For seventeen and one half innings neither team could score a run. In the eighteenth Princeton brought one run across the plate and even that was unearned.

Up to the twelfth inning there was not a man that reached third base and in the entire game only three men got that far. This was not because the batters did not hit the ball, for altogether there were 94 put-outs, 44 assists. There were 17 safe hits in the game.

Each pitcher lasted the entire game and each threw over 400 balls. This shows the great test that they were

Picture Framing

We are especially desirous of calling attention to our Picture Framing Department and the facilities we have for executing high-class work.

Everybody at times has a picture worthy of framing. A nominal outlay transforms the sketch, lithograph or whatever it may be, into a work of art.

We have in stock, at present, a splendid assortment of mouldings; particularly Narrow Black and Narrow Gold.

The next time you happen to have a picture which you consider worthy of framing, bring it to us and we will advise you as to cost, etc.

Tennis.

EWA, June 20.—Some excellent tennis was witnessed the latter part of last week on the Ewa tennis court in the handicap singles, when F. E. Greenfield (scratch) met A. McKeever (scratch). Some idea may be formed of the play when it is stated that it took the whole five sets to decide the match, in which there were 56 games played, of which 24 were deuce. Both men were very evenly matched and it was anybody's game up to the last set, McKeever finally winning out. A silver cup offered by the Ewa Tennis Club was the trophy fought for, which was presented at the termina-

tion of the match by Mrs. G. F. Ren-ton.
A. M. Nowell of Wai'alua made an acceptable umpire.
Score: 2-6, 6-8, 9-7, 6-4, 6-2.

The Ring.

Spike Sullivan is surely all in when Tim Callahan can put him away in four rounds.
Young Corbett has been matched to fight Maurice Thompson, at Butte, Mont, on Miners Union Day.

Now that Battling Nelson is in the East, the many Philadelphia lightweights have hurled challenges at him. The attendance at the Abe Attell and Battling Nelson bout was very small, and a disappointment to the management.
Billy Delaney, Jeffries' manager, and who practically brought Jim Corbett to the front, will it is announced, no longer follow the ring.
Battling Nelson and Jimmy Britt

have agreed not to engage in a contest of more than six rounds, before their battle next month.

A dispatch from San Francisco states that Jimmy Britt is planning a trip East and expects to take part in one or two bouts, either in Philadelphia or Baltimore.

Owen Moran, the English bantam, who since his arrival in this country, has defeated Danny Dougherty and Monte Attell, will probably be matched to meet Frankie Neil.

NO COMPETITION.

The uniform success of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the relief and cure of bowel complaints both in children and adults has brought it into almost universal use, so that it is practically without a rival, and as everyone who has used it knows, is without an equal.
